

Non-Traumatic Body Imaging

Release Date: 7-22-2020

End Date: 7-22-2021

Run Time: 90 minutes

Learning Objectives

- Identify potential post-operative complications associated with various surgical procedures.
- Identify CT signs of complicated bowel obstruction, especially closed loop obstruction and associated ischemia.
- List and compare various imaging modalities used to evaluate nephroureterolithiasis and flank pain.
- Identify CT appearance of nephroureterolithiasis and associated complications.
- Describe the evolution of management and CT protocols in the clinical care and diagnosis of acute appendicitis, respectively.
- Recognize common (and some uncommon) conditions causing these presentations in the esophagus, stomach, and duodenum.
- Review the predisposing factors associated with solid organ and gastrointestinal tract torsion and volvulus.

Interprofessional Continuing Education - Rush Accreditation

In support of improving patient care, Rush University Medical Center is jointly accredited by the American Nurses Credentialing Center (ANCC), the Accreditation Council for Pharmacy Education (ACPE), and the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing education for the healthcare team.

Rush University Medical Center designates this live activity for a maximum of *1.50 AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only credit commensurate with the extent of their participation in the activity.

To claim Continuing Education Credit, attendees must:

- View the presented content
- Complete the test portion with a passing score of 75%
- Complete the evaluation

Disclosure

Unapproved Uses of Drugs/Devices: In accordance with requirements of the FDA, the audience is advised that information presented in this continuing medical education activity may contain references to unlabeled or unapproved uses of drugs or devices. Please refer to the FDA approved package insert for each drug/device for full prescribing/utilization information.

It is the policy of the Rush University Office of Interprofessional Continuing Education to ensure that its CE activities are independent, free of commercial bias and beyond the control of persons or organizations with an economic interest in influencing the content of CE. Everyone who is in a position to control the content of an educational activity must disclose

all relevant financial relationships with any commercial interest (including but not limited to pharmaceutical companies, biomedical device manufacturers, or other corporations whose products or services are related to the subject matter of the presentation topic) within the preceding 12 months.

The course directors, planners and faculty of this activity have the following relevant financial relationships to disclose.

Name	Disclosure
Stephan Anderson, MD	None
